# Equipped for Life

## OUR VISION

Every graduate is equipped to think truthfully, act justly, and live faithfully for the good of the world and the glory of God.

In 1962, an extraordinary dream began—to establish a distinctly Christian university in Canada, a place for equipping students to set the foundation for a full and meaningful life.

Trinity Western has since grown to become Canada's largest faith-based university and one of North America's premier global Christian universities, offering a full range of undergraduate and graduate degrees, including professional schools in business, education, human kinetics, nursing, and clinical psychology.

Every year, more than 6,000 students from over 80 countries experience an academically excellent liberal arts and sciences education while being formed within a Christ-centred, student-focused, and globally engaged community.

At Trinity Western, students are equipped to actively participate in God's renewal of the world, and we look forward to welcoming you to join us in this exciting vision for the future—your future.
