

Health Emergency Protocol

A **Health Emergency** poses an immediate threat or risk to a person's life or long-term health.

In the event of students/faculty/visitors experiencing a **Health Emergency**, the protocol is to **immediately dial 911** AND notify **TWU Security** who are trained OFA Level II First-Aid Attendants and will also facilitate Emergency personnel responding to the location of the health emergency.

Security Phone # **Extension 2099 or 604-513-2099**
